# USERS, MATERIALS, & APPLICATIONS

## KEY USERS

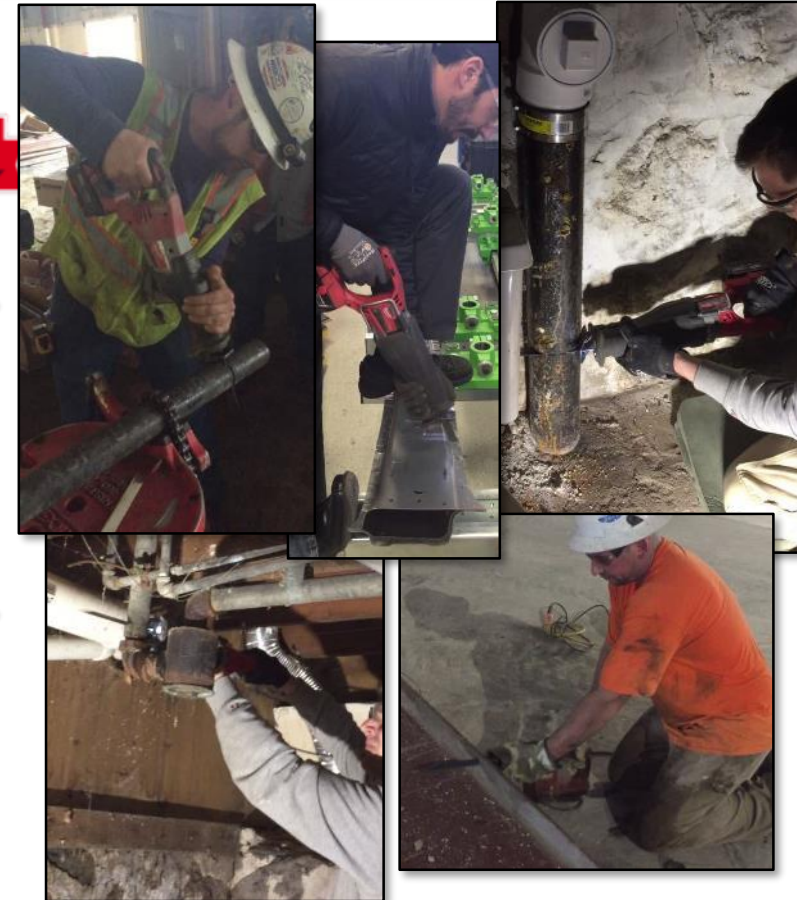

## MATERIALS

- **Cast Iron**
- High Strength Alloys (Boron, Inconel)
- **Black Pipe**
- **Rigid Conduit**
- **Stainless Steel**
- Angle Iron
- **Rebar**
- Structural Steel
- I-Beams
- EMT
- PVC
- Vehicle Parts

## APPLICATIONS

- **Demolition (Residential & Commercial)**
- Material Sizing
- **Cast Iron Removal**
- Window Demolition
- Material Removal
- **Vehicle Demolition**
- **Vehicle Extraction**
- Rebar Cutting

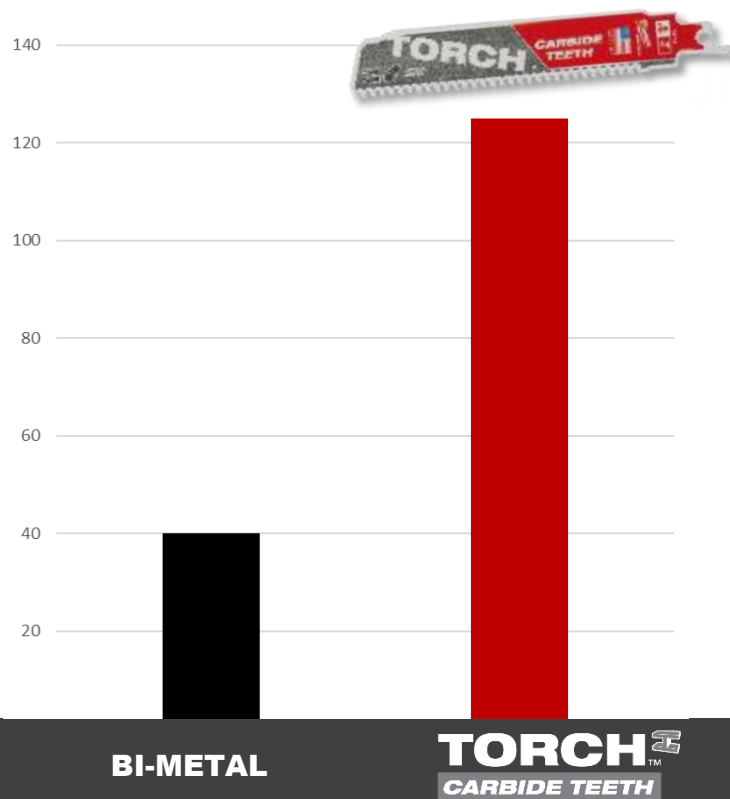

**The TORCH™ with Carbide Teeth will excel in these Materials & Applications**

# FAQ'S

Is there a Lifetime Warranty on the Hole Dozer with Carbide Teeth?

- No, the Rip Guard Limited Lifetime Tooth Break Warranty only applies to Hole Dozer Bi-Metal

What is the retail step-up from a Bi-metal hole saw?

- The average retail step-up is 50% over bi-metal for Hole Dozer with Carbide Teeth
  - Ex. 1-1/2" Hole Saw Bi-metal \$9.99, Hole Dozer CT \$14.99

Will the previous model of Milwaukee Carbide Tipped hole saws be discontinued?

- Yes, the previous Milwaukee Carbide Tipped hole saws that were red in color will be discontinued and made obsolete in August 2018.
- Starting 8/1 all orders placed on old part numbers will be shipped new product.
- All new part numbers and UPC are utilized for the Hole Dozer with Carbide Teeth

Will a kit option be made available?

- We are exploring the option for the introduction of a kit in 2019.
- Please direct any needs on additional options for hole saws to [Ryan.Rudzinski@milwaukeeetool.com](mailto:Ryan.Rudzinski@milwaukeeetool.com)
